

THE TRADE REVIEW BY DUN & COMPANY

MANUFACTURERS WILL CLOSE DOWN MILLS.

Product to be Curtailed and Hundreds of Employes Thrown Out of Work—Monetary Question is Disquieting—The Failures of This Year and Last.

New York, June 27.—R. G. Dun & Co.'s Weekly Review of Trade says: The monetary outlook is not yet clear to some. The strength shown in recent conventions by advocates of silver coinage, and expectation that all the elements favoring that policy may yet be concentrated, incline them to a waiting attitude. Their uncertainty retards improvement, notwithstanding the more widely prevalent feeling that the monetary action of the St. Louis convention will be sustained by the people. But many mills have waited as long as they can with safety, and signatures have been given by enough cotton mills of Fall River to insure a temporary stoppage, it is stated, the nature of which is now under discussion in conference with the Providence manufacturers. Meanwhile the Pacific of Lawrence and the Naumkeag of Salem have closed for a time, and practically all the southern cotton mills will be represented at a meeting on Monday with the same object. Woolen mills are acting without concert, but fourteen are mentioned in dispatches as having closed this week. There is no similar movement in other industries, though the period of summer is at hand in many of them, and important controversies as to wages of iron puddlers and other hands make it likely that the annual stoppage in that industry may last longer than usual.

The weakness of wheat, which has declined 2.10 cents, and of cotton, which is an eighth lower for spots, though less for futures, have full explanation in decidedly good crop prospects. Returns of harvesting thus far support the best estimates as to wheat, and the condition of cotton has been decidedly improved by rains. The closing of many mills also threatens to cut off the demand between this date and September by 30,000 to 40,000 bales, but in any event the stocks on hand are ample. Wheat receipts at western ports have been 2,696,692 bushels, against only 787,291 last year, and for the three weeks past, 9,551,278 bushels, against 3,954,005 last year, and while Atlantic exports have sharply increased, amounting to 7,867,527 bushels, flour included, against 4,913,437 for three weeks of June last year, there is no reason for doubt regarding the sufficiency of supplies. The hay crop has also been exceedingly good at the west. It is not wholly a welcome, but a necessary conclusion that prices for the great staples are not likely to be higher.

The great combinations, which, the Iron Age wisely reasons, tend to cause disastrously low prices hereafter, still control the markets both for material and finished products of iron and steel, though it is reported that lower prices will soon be made for coke, owing to better utilization of by products, and for nails, owing to the heavy decrease in consumption. The textile manufacturers, as has been said, are generally devising curtailment of production, and the only change in prices is downward. Sales of wool have been 12,855,000 pounds for four weeks, of which 7,506,100 pounds were domestic, against 33,383,965 pounds last year, of which 16,132,465 pounds were domestic. Failures for the week have been 217 in the United States, against 256 last year, and twenty-four in Canada, against twenty-two last year.

Senator Gorman Gives Up.
Baltimore, Md., June 27.—Senator A. P. Gorman will not go to Chicago. This is final. "If I were to go to Chicago," said the senator, "what more could I do than can be done by the gentlemen who compose the delegation elected by the state convention? Nothing."

Senator Gorman cannot be persuaded to alter his determination. It is doubtful if he will accept reappointment on the national committee. Certainly he will not be on the executive committee of that body. He does not think there is any chance at this late hour to stem the free-silver tide which he believes will sweep over the Chicago convention. When asked whom he thought the democrats would nominate at Chicago, he replied: "It looks like Boies."

Want Populists to Join Them.
Indianapolis, Ind., June 27.—The populists of Indiana will be invited to endorse the free-silver platform adopted by the state democracy. The hope of the free-silver leaders is to get all the silver forces together on the one platform. Anson Wolcott, the Indiana member of the national committee of the American free-silver organization, has issued a call for the Indiana branch of the organization July 15. The call ends thus: "Recent events, it is now believed by the friends of free coinage, make such a movement of vital importance, with a view to the united action of the free-silver men of the entire country."

Epworth League of Pennsylvania.
Harrisburg, Pa., June 27.—At Friday's session of the Epworth League of Pennsylvania A. M. Shoyer of Pittsburg was elected president.

SILVER MEN CONFER.

Three Parties to Agree Upon a Single Currency Plan.

St. Louis, Mo., June 27.—Chairman Taubeneck of the Executive Committee of the People's party, J. J. Mott of North Carolina, chairman of the National Committee of the silver party, together with a number of Populist representatives from Missouri, Illinois and Kansas, held a conference here Friday. The principal object of the conference was to map out, if possible, a plan of procedure at Chicago calculated to induce the silver delegates to the national democratic convention to make such concessions to the Populists and independent silver voters of the country in the matter of selecting a candidate for the presidency as would render certain the united support of these elements for the ticket.

Mr. Taubeneck suggested a plan to which the other conferees subscribed. It provides for the appointing by the national committee of the three parties, Democratic, Populist and Teller Republicans, of a committee of three from each organization. These shall meet in Chicago between the 1st and 7th of July and agree upon a single currency plank platform. They shall also agree upon a set of presidential electors apportioned to the several states, chosen with reference to the proportion of votes cast by the Democratic, Populist and Republican parties in the election of 1894. The electors thus chosen shall vote in the electoral college for candidates for the presidency and vice-presidency who are pledged to the cause of silver restoration. A resolution embodying this plan was indorsed and its adoption will be urged upon the Chicago convention.

Illinois Epworth Leaguers Adjourn.

Springfield, Ill., June 27.—The session of the annual state convention of the Epworth League Friday was preceded by a sunrise prayer meeting at 5:20 and Bible reading at 8:30. Governor Altgeld was introduced just before the noon recess and delivered a brief address. The afternoon session was opened with devotional exercises led by Rev. M. G. Van Sant of Sterling, which was followed by general business of the convention, installation of officers, reports of same, etc.

The night session opened with a song service and special music by the orchestra, conducted by Miss Linbarger. Rev. Dr. H. Moore, editor of the Western Christian Advocate of Cincinnati, delivered the closing address. The next convention will be held here in 1897.

Corbett and Sharkey Sign.

San Francisco, Cal., June 27.—James J. Corbett and Thomas Sharkey on Friday signed articles for a fight to a finish to take place within six months in the United States or Mexico before the club or organization offering the best inducements. The contest is for the world's championship and a side bet of \$10,000, the winner to receive the \$20,000 besides the purse to be offered by the club. Marquis of Queensberry rules will govern the contest, and the referee is reminded by the articles that the rules prohibiting clinching and hugging are to be strictly enforced.

Indiana Christian Endeavorers.

Kokomo, Ind., June 27.—Judge L. J. Kirkpatrick of this city, president of the Indiana Christian Endeavor society, has completed arrangements for the hoosier Endeavorers' trip to the international convention at Washington. He says that the Indiana Endeavorers will go by special train over the Pennsylvania lines, leaving Indianapolis at 4 p. m. Tuesday, July 7. The rate from this city for the round trip will be \$16, with the privilege of returning until July 31. The Indiana hotel headquarters will be at the Cochran.

Michigan Silver Party Hopeful.

Lansing, Mich., June 27.—Members of the state committee of the independent silver party are confident from the canvass already made that the mass convention to be held in this city July 16 will astonish even the most sanguine of the silver men. They also say that if Teller is nominated at Chicago the delegation to be sent to St. Louis by the Michigan convention will be instructed to favor his indorsement. Otherwise they will be instructed to insist on the nomination of Teller at St. Louis.

Convention of Silver Men.

New York, June 27.—A state convention of silver men, to be held in this city Friday, July 10, will be called within a few days. It is expected that a full set of delegates and alternates will be present from each of 150 assembly districts in the state. These will elect four delegates-at-large and alternates, and sixty-eight district delegates and alternates to attend the silver convention at St. Louis, July 22.

Will Not Accept the Terms.

Pittsburg, Pa., June 27.—A conference between the manufacturers and workers was held Friday to settle the scale for time plate workers, but adjournment was taken without an agreement being reached. It is hardly probable that an agreement will be reached, as both sides are set in their way of thinking.

Rhode's Resignation Accepted.

London, June 27.—It is officially announced that the resignations of Cecil Rhodes, Alfred Beit, and Dr. Rutherford Harris, as directors of the British South Africa company, have been accepted.

HARRISON RELEASED FROM THE PRISON.

DIPLOMATIC TRIUMPH FOR SECRETARY OLNEY.

Republic of Venezuela Disavows the Act Which Threatened to Make Trouble With Great Britain—Story From New York Discredited By Those Who Should Know.

Washington, June 27.—The latest complication in the Venezuelan question has been promptly settled through the friendly intervention of the United States. Mr. Andrade, the Venezuelan minister, called at the state department Friday and handed to Mr. Olney a copy of a telegram he had just received from Mr. Rojas, the Venezuelan minister of foreign affairs, stating that Mr. Harrison, the crown surveyor of British Guiana, who with his party had been placed under arrest by Venezuelan officials, had been promptly released. The telegram to Minister Andrade follows: "It was yesterday when the national commission of Cuyuni telegraphed the occurrence. Harrison and nineteen more crossed on the left bank of the Cuyuni to open a road. The sub-commissionary of Acarabesi protested in writing. Harrison insisted, and the sub-commissionary took him to the post of El Dorado. As soon as the government was informed thereof it ordered the release of Harrison and asked details."

It is undoubtedly true that the prompt action of the Venezuelan government was, in a measure, due to Mr. Olney's intercession through our minister at Caracas, and it is believed that the main issue between Great Britain and Venezuela will be even more easy of settlement, now that the latter government has been so prompt to disavow the act of the sub-commissionary.

New York Story Discredited.

London, June 27.—No official news has been received here in regard to the dispatch from Caracas, published in a New York newspaper, saying that nineteen British subjects were made prisoners by the Venezuelans at the time Mr. Harrison, the crown surveyor of British Guiana, was arrested and taken to El Dorado. The British foreign office has no reason to suppose that the statement is true, and the officials of that department of the government have no doubt that Mr. Harrison was well within the Schomburgk line when he was taken into custody.

FOR SILVER'S VICTORY.

Populist Chairman of Kansas Favors Fusion on Electoral Tickets.

Topeka, Kas., June 27.—John W. Briedenthal, chairman of the Populist State Committee, believes that there will be no fusion of silver forces on one presidential candidate, but he thinks that there can be on electoral tickets in the several states. His plan is for the Populists to indorse the Democratic electors in states where the Democrats have the most votes, the Democrats to indorse the populists where the Populists have the most, and the Democrats and Populists to indorse the Teller electors in the mountain states. In such states as Texas, where the Republicans "do not count," he says, it will be safe for the Democrats and Populists to run separate tickets. After the November election should the combined free-silver forces have a majority of the electoral college his plan is for a convention of the silver electors to be held for the election of a president under the two-thirds rule. If they should not be able to elect one of the party nominees they could go outside of that field and pick a man upon whom two-thirds could agree and that man could be afterward voted for and elected in the electoral college.

For Boies and Free Silver.

Waterloo, Iowa, June 27.—At no time since the first mention of Boies' name in connection with the presidential candidacy have the democrats of Iowa felt so content as at present. The democracy of this county held a most enthusiastic meeting Saturday night and arranged for a special train to carry a delegation of about 400 to the Chicago convention. The democracy from the capital will join the Waterloo delegation, and headed by the Iowa state band of seventy pieces, expect to make a great noise for Boies and free silver.

Sunday School Workers.

Boston, June 27.—"How to Study the Bible" was the subject handled by D. L. Moody at the praise service which began Friday's session of the Sunday school convention. A committee was appointed to nominate the lesson committee for 1900-1905. Amounts of money pledged in open convention this morning for Sunday school work in the United States and Canada during the next three years brought the total up to \$12,024.33 per year, or \$36,073 for three years.

League Is in Good Condition.

Anderson, Ind., June 27.—The feature of the Indiana Epworth League mass meetings Friday was the reports showing a surprising growth and development in the past year. It shows 14,719 chapters in the state, with a membership bordering on 75,000 active workers. All are in good financial condition. There were more delegates in Anderson than ever attended an Indiana meeting before.

MUCH DAMAGE DONE BY HIGH WATER

OHIO VILLAGES SWEEPED AWAY BY FLOODS.

Cloudburst Inflicts Enormous Loss on Washington County—Roads Rendered Impassable—Ruin of Crops Is Complete—Storm Traveled in Streaks and Some Sections Escape.

Farkersburg, W. Va., June 27.—Some definite news is coming in about the disastrous cloudburst in the northeastern part of Washington county, Ohio, which occurred on Wednesday night. The area of the great rainfall was comparatively small. The roads have been rendered impassable, and communication is thus virtually cut off from the Little Muskingum river, off from the region affected. The fury of the flood was along the eastern tributaries of the Little Muskingum river. At a place known as "Fifteen" a church, schoolhouse, and some dwellings were washed away. Slabtown, a place of twelve cottages, was washed away, and the cottages are floating down the Ohio river. In the same region Evilizer's flour-mill, Ketts' store, and Heslop's postoffice are all floating down the Ohio river. On Archer's fork, in the northeastern part of Washington county, George Deutcher's flour mill, McGowan's general store, and the dwellings of George Deutcher, Thomas Ludington, Jacob Davis, James Courtney, and Joe Gordon were swept away. In the neighborhood of Hill's postoffice three schoolhouses were carried away by the flood. If any lives have been lost the news has not yet reached here.

The singular feature of the storm is that it passed over here and Marietta with only an ordinary rainfall, and then poured a devastating flood on remote parts of the county and in portions of West Virginia. The loss to crops in its area is complete.

WORTHY OF SUCCESS.

Thieves Build a Tunnel to Rob a Los Angeles Bank.

Los Angeles, Cal., June 27.—The boldest attempt at bank robbery ever made on the Pacific has just come to light. The object of the attack was the heavy steel vault of the First National bank, one of the largest financial institutions of its kind in southern California, and to reach it the robbers dug a tunnel 102 feet in length, extending from the street adjoining the First National bank and running under the cellars of three other banks. The tunnel had progressed to a point immediately under the vault when the police authorities were apprised of its existence. When the scheme was discovered the burglars had begun to remove the brick masonry supporting the steel vault. The work is believed to have been done by a gang of at least five or six persons, but only one suspect—James K. Stephens—has thus far been arrested.

ILLINOIS FLAG LAW INVALID.

Judge Wright Holds the Measure to Be Unconstitutional.

Champaign, Ill., June 27.—Judge Wright in the Circuit court in this city Friday decided that the state law requiring the flag to be displayed over every school house in the state during school hours is unconstitutional and void. He quashed the indictments against Governor Altgeld and the trustees of the state university and officers of parochial schools who were accused of violating the law.

A motion for a change of venue was made too late by the prosecuting attorney, and was overruled. The judge scored the state's attorney for permitting the grand jury to find the indictments.

Iowa Epworth League Closes.

Newton, Iowa, June 27.—The last of the Iowa conference Epworth League convention opened with a sunrise prayer meeting Friday morning led by Lloyd Tennant of Mount Pleasant. Two other meetings were held. The convention closed in the evening with an address by Miss May V. Patten of Chicago.

Great Seminary for Dubuque, Iowa.

Dubuque, Iowa, June 27.—The annual retreat of the Catholic clergy of Dubuque diocese closed Friday night. About 150 priests attended. In his address Archbishop Hennessey announced he had decided to locate in Dubuque a provincial seminary for the education of priests for this archdiocese and the suffragan sees of Davenport, Cheyenne, and Omaha. It will require two years to build.

Indiana Bank President Indicted.

Union City, Ind., June 27.—Friday the grand jury indicted Nathan Cadwallader, president of the defunct Citizens' bank, for defalcation aggregating \$15,000 and for indorsing \$5,000 more for which there has been no accounting. In all six indictments were issued, but the names of the others are not yet known.

Harvard Wins the Great Boat Race.

Poughkeepsie, N. Y., June 27.—The Harvard, Cornell, Columbia, Pennsylvania four-mile straight-away boat race on the Hudson Friday was won by Cornell's eight in the phenomenal time of 19:29. Harvard finished second, Pennsylvania third and Columbia fourth.

BASEBALL REPORT.

Games Played in the National League Yesterday.

Cleveland stood still yesterday while the Orioles fell and sent them to the one hole again. Chicago moved up, and for the first time in a month is in the hunt among the first six. The changes are really not material, for a game or two will change the whole board and disarrange the king row. Pittsburg's slump has been as sudden as unlooked for, while the expected brace of the Phillies comes not. Washington is making her strongest bid, after a season of disaster. URGE THE ADOPTION OF GOLD.

German-American League of New York Writes to Democratic Delegates.

New York, June 27.—The German-American Sound-Money league has sent a letter to every delegate of the democratic national convention, urging the importance of the adoption of a gold platform by the party. This letter says:

"Of the 581 German-American newspapers in this country which discuss politics, 499 are in favor of the present gold standard, 39 are for bimetalism or free coinage of silver, and 43 are doubtful. A majority of the said newspapers are published west of the Alleghenies."

"Ninety per cent of the German-American voters are in favor of the maintenance of the present gold standard, and will support only that party which in its platform declares itself unequivocally in favor of that standard. They will not vote for a presidential candidate who, by his letter of acceptance, does not pledge himself to stand by this declaration. The party which in its platform and through its candidate for president will declare emphatically for the maintenance of the gold standard will command almost the entire German vote, regardless of party affiliations."

John R. Gentry's New Record.

Red Oak, Iowa, June 27.—The sensation of Friday's racing was John R. Gentry's exhibition mile in 2:03½. The bay stallion moved easily and made the mile without effort. The time was caught by Andrew in 2:01 1-5, Morris J. Jones in 2:03 2-5, and several others in 2:03 1-5. The mile lowers the track record four and one-quarter seconds. Only one horse, Robert J., ever went faster, and it lowers the stallion record which was previously held by him.

A. O. U. W. Grand Lodge Changes.

Buffalo, N. Y., June 27.—The Supreme Lodge, A. O. U. W., adjourned Friday to meet the second Tuesday in June next in Milwaukee. In the report of the beneficiary committee the most important change was that giving permission to grand lodges to introduce a plan of classified or graded assessment in the place of the present level premium method. Permission was also given them to provide a reserve fund for the payment of assessments over a certain fixed limit.

Advance Guard of Educators.

Buffalo, N. Y., June 27.—Friday witnessed the first arrival of delegates to the National Educational association convention, which will be held in this city the second week in July. They were sixty school-teachers, principally from St. Paul and Minneapolis. Secretary Swift says he has been notified that 15,000 delegates are making arrangements to attend.

Says She Can Prove Her Marriage.

San Francisco, Cal., June 27.—Mrs. Nettie R. Craven has at last revealed her relations with the late James G. Fair. In the presence of a score of attorneys and a court room full of people she told Judge Slack Friday that she was the widow of the dead millionaire. The marriage was by contract, she swore, and took place on May 23, 1892, at 823 Sutter street, where Mrs. Craven was then living. The record of the ceremony, with Fair's signature attached, was in her possession, she said, and would be produced.

ONE BOY IS KILLED AND ONE IS HURT

FATAL ACCIDENT NEAR PRINCETON, WIS.

Lads Tried to Pound a Cartridge Into a Shot Gun, When it Exploded With Fatal Results—Wisconsin Village Boys Are Good—Other State News.

Princeton, Wis., June 27.—A fatal accident occurred near here yesterday afternoon.

The Dead.
ELLENGER, CHARLES, JR., head nearly shot off.

The Injured.
STRAIGHT WILLIAM, face and eyes filled with powder.

Three little boys, two of them sons of Dr. H. L. Straight, and one the son of Village Marshal Charles Ellenger, had gone up the river in a boat taking a shot gun with them. They landed on an island just above, but in sight of town, and pushed on into the grove. A short time afterward people were startled by a loud report, followed by screams and cries for help. Hurrying to the scene they were horrified to find Ellenger's boy on the ground with a large hole in his head, through which his brains were oozing, and one companion with a lacerated hand, and his face and eyes filled with powder. It was found that in loading the gun, which was a breech loader, they had selected a cartridge that would not slide in easily, and so had pounded it with a knife handle to force it in, when the cartridge exploded, with disastrous results. The Ellenger boy died shortly after the accident.

The Town Bonds Are Good.

Milwaukee, June 27.—Attorneys have made a discovery which will at least tend to reassure the holders of Wisconsin village bonds, although it may not obviate the necessity of holding a special meeting of the legislature. The New Jersey supreme court, in a case which fits the Wisconsin situation exactly, holds that officers de facto, elected in good faith by the people, have the power to perform the same acts as though elected by a legally incorporated municipality. The decision also holds that acts of such officers will not be set aside, and that they are to be considered as valid and binding when committed in good faith. The only person authorized to question the authority of the officer de facto, the decision holds, is the attorney-general of the state. If the decision is upheld by the Wisconsin supreme court, and there does not seem to be anything to prevent it, it will have the effect of legalizing all bond issues and all obligations contracted by the villages and their officers.

May Call a Special Session.

Milwaukee, Wis., June 27.—It is thought that the governor will call a special session to take action in regard to the decision of the supreme court whereby villages and cities of his state are declared to have no corporate existence. Friday the governor said that it appeared to him that the situation was dangerous and he would give the matter due consideration.

Gold Men Confer with Whitney.

New York, June 27.—"Sound money" democratic leaders are gathering in this city in response to an invitation from William C. Whitney to map out the campaign against the free coinage element in Chicago. Chairman Harry of the national committee and Josiah Quincy, representing the New England men, had a preliminary conference last night with Mr. Whitney. Don M. Dickinson has arrived and will participate in the council of war. Mr. Whitney is planning to go to Chicago Wednesday. The action which he and his allies will take upon their arrival there will be agreed upon, and the course of the "sound money" men, if they meet with defeat, decided.

Gov. Altgeld Calls a Conference.

Chicago, June 27.—Governor Altgeld, as the head of the Illinois delegation to the national convention, has called a conference of the delegates to be held in this city at democratic headquarters next Tuesday. Members of the various convention committees will be selected and a general plan of action will be mapped out.

Carried Fire Near Powder.

Lyons, Iowa, June 27.—Thursday night at the home of William Costello near Charlotte, this county, Lucy Hogan, a servant, and Mat Costello, aged 11 years, went upstairs for something, carrying a lamp. In some manner a quantity of blasting powder was ignited. The explosion injured both persons so that they died soon afterward.

A. P. A. Headquarters Removed.

Washington, June 27.—The headquarters of the A. P. A. have been removed from Chicago to Washington. Congressman Linton and President Echols will make a tour of the western states, commencing at an early day.

Wheelman Sanger Breaks a Record.

Peoria, Ill., June 27.—Walter Sanger placed the unpaired competition record at 2:09 Friday on the Lake View track, beating out 'om Cooper by seven yards. Sanger showed up in all the phenomenal form that characterized his work in 1893 on the national circuit.

ENGINE BLEW UP
IN THE CHURCH

AN ACCIDENT ON THE Y. P. S.
C. E. RAILWAY.

Engineer, Fireman and a Confidence
Man Who Was Riding on the
"Head End" are Injured—Other-
wise The Milwaukee Excursion
Was Greatly Enjoyed.

Three people were hurt in a wreck
on the Y. P. S. C. E. railroad at the
Baptist church last night:

REID WILLIAM, Engineer, scratched,
scalded and squeezed; will die (some-
time.)

WOOD, ARTHUR, fireman, bumped,
blistered and bruised; cannot live (for-
ever.)

GOLDIN, THEODORE W., confidence
man, who was riding on the "head
end" cut, confused and crushed.
Death is expected (in the course of
time.)

All the injured were cared for on
the spot, and afterwards recovered
sufficiently to be taken to their homes.
The accident was caused
by the explosion of the
engine, due to the carelessness of the
engineer in letting all the water out
of the boiler, and then turning on the
faucet. Many others were slightly
hurt but their names could not be se-
cured in the excitement. None of
them were seriously injured, however.

Passengers Have No Redress.
The excursionists left Janesville for
Milwaukee last evening, departing
from one end of the Sunday school
rooms. While rounding a sharp curve
near the other end of the room, the
crash came, and the engine was
ruined. The passengers injured have
no redress, as the wording of their
ticket will show:

This ticket is issued by the Y. P. S. C. E. Ry.
subject to the following conditions:
1. This ticket is not good unless stamped on
the back by agent issuing same.
2. Good going only on excursion trains; good
returning on any regular train.
3. Good only for 60 minutes from time of pur-
chase.
4. No stop-over checks given.
5. Baggage checked free to extent of 500 lbs.
6. One bicycle, baby carriage or bird cage
checked free on each ticket.

The only liability the company in-
curred, was by means of a coupon en-
titled the holder to one glass of
Waukesha mineral water and the
claim agents saw that this was paid
over as soon after the accident as
possible.

Aside from the wreck the excu-
sion was a very enjoyable one.
Those who had it in charge were:

Christian Association's Fortieth Anniver-
sary is Celebrated Last Night.

Forty years ago this month the
Christian association in Milton college
was organized. The original members
were: President W. C. Whitford, Mr.
and Mrs. Delos Burdick of Wadsworth,
Prof. A. C. Spicer and Lewis A. Platts,
pastor-elect of the Second Street Baptist
church, Milton. At that time it
was the only organization of the kind
in this region, and resulted in adding
about 150 members to the Seventh
Day Adventist church, and equally as
many to the other. Last night's
exercises commemorative of the
anniversary were held. Addresses
were made by President Whitford,
Prof. Dwight Kinney of California,
Dr. A. L. Burdick of Colorado, the
Rev. George L. Shaw of Nile, N. Y.,
the Rev. W. D. Burdick, Jackson
Center, and I. J. VanHorn, Louis-
ville, Ky., also by the present presi-
dent of the organization, Miss Mary
Whitford of Westerley, R. I. Music
was furnished by the entire Christian
association, led by Edgar VanHorn.
Brief addresses were made by the
following named students: Miss
Mabel Crosby, Hylon Plumb and Her-
bert Wheeler.

BABBITT WAS FOR GOLD IN 1880

The Whitewater Register speaks of the
Ex-Congressman's Silver Proclivities.

The Whitewater Register has this
editorial:

"A few free silver delegates at the democratic
county convention headed by ex-Congressman
Babbitt, bolted the convention, and appointed
as delegates to the state convention, John
Winnans, William Smith and Fred C. Burpee.
The three latter gentlemen named have declined
to have their names used in connection with the
bolters and have so stated."—Janesville Re-
corder.

We remember how Mr. Babbitt, in
the year 1880, refused to support
Charles H. Parker, of Beloit, demo-
cratic and greenback nominee for
congress, because he, Babbitt, could
not stand the flat money feature of
the situation. He loudly proclaimed
himself in favor of good gold money
and gave his vote for Charles G. Wil-
liams, the republican nominee. But
the flat principle enters into the fifty-
cent dollar just as truly as into the
greenback. Mr. Babbitt's present
bolt for flat money balances his other
against him, and should leave him in
good standing, somewhere.

Woman's
work

Is never done, and it is especially wearing
and wearisome to those whose blood is
impure and unfit properly to tone, sus-

muscle and tissue. It is more because of
this condition of the blood that women
are run down,

Tired, Weak, Nervous,

Than because of the work itself. Every
physician says so, and that the only re-
medy is in building up by taking a good

People who have saved coupons may hand them at this office whenever they wish, and credit will be given to the candidate named. As for subscriptions, they should be reported, of course, as fast as secured, so that a paper may be started at once. The conditions of the vote should be borne in mind. They are:

SILVER QUESTION SUMMED UP

Chicago Times-Herald Tells the Story In Questions and Answers.

The Chicago Times-Herald puts the "silver question" in the following nut-shell:

Q. What is the whole body of currency in the United States today?

A. Paper, \$475,000,000; silver, \$610,000,000; gold, \$612,000,000.

Q. What is the existing money standard of the country?

A. Gold, by means of which all the silver and all the paper are worth 100 cents on the dollar.

Q. What would be the effect if we would abandon the existing gold standard?

A. All the gold would leave the country in accordance with the never questioned law that a superior money will not remain in a country where an inferior money is the standard. Silverites admit that gold is 16 times more valuable than silver. That is what the "ratio of 16 to 1" means. In truth today gold is 32 times more valuable than silver.

Q. What amount of money would thus be withdrawn from the country if the silver standard should be substituted for the gold standard?

A. Six hundred and twelve million dollars, contracting the currency by that amount and crippling the country accordingly.

Q. If the silver standard were substituted for the existing gold standard, what would be the effect on the \$610,000,000 of silver now worth 100 cents to the dollar?

A. The entire quantity of silver dollars would be worth their weight in silver per ounce which varies from week to week like the price of wheat and the immediate effect would be to reduce the \$610,000,000 to \$305,000,000, the present value of silver per ounce in the coins, thus contracting the currency of the country to this additional amount, making a total contraction of \$917,000,000.

Q. What would be the effect on the paper in our currency if we should substitute the silver standard for the existing gold standard?

A. The \$475,000,000 of paper today worth 100 cents to the dollar on the existing gold standard, would at once decline to 50 cents in the dollar on the silver standard, based on the price of silver today, the immediate effect being to reduce the value of the paper now in the currency to \$237,500,000.

Q. By abandoning the existing gold standard for the silver standard, what then would be the first net result?

A. The loss to the country of \$1,154,500,000 every dollar worth 100 cents by reason of existing gold standard.

Q. What do you deduce from this?

A. That we need all the money we have and that we want every dollar to be worth 100 cents.

Q. How can we keep all the money we have and keep every dollar worth 100 cents?

A. By preserving the existing gold standard.

Put this little currency catechism in your pocket.

HAZELTON SUES THE BONDSMEN

Demanding Payment of His Fees as Marion V. Dudley's Attorney.

Attorney Garry W. Hazelton filed suit against James Douglas, John A. Rice and John Mitchell to recover on a judgment secured against Mr. Douglas as garnishee defendant. The complaint makes sensational charges. Mr. Hazelton was the attorney for Marion V. Dudley and was obliged to sue to recover for his services. He secured judgment for \$947.25. He garnished Mr. Douglas, who after admitting, it is claimed, that he had moneys belonging to Mrs. Dudley refused, according to the complaint to pay the judgment.

The complaint set forth the appointment of Mr. Douglas as guardian and the filing of his bond with John A. Rice and John Mitchell as sureties. According to the inventory filed by Mr. Douglas the properties he received amounted to \$20,583.28, besides some real estate that was not appraised. The complaint also recites the proceedings declaring the order committing Mrs. Dudley to the insane asylum, void, and also the order appointing Mr. Douglas as guardian.

When the garnishee suit was served on Mr. Douglas, Attorney Hazelton claims, he admitted that he still had in his possession \$4,000 in property belonging to his ward. He declined, however, to pay the judgment and Mr. Hazelton charged upon information and belief that he has converted the \$4,000 to his own use and is unable to account or pay over the same and that an execution placed in the hands of the sheriff has been returned wholly unsatisfied.

The complaint charges further, on information and belief that the defendant Douglas on demand of his sureties turned over to them a sufficient amount of property to indemnify them against all judgments entered against him as garnishee defendant in favor of creditors of Mrs. Dudley. Demand has been made on the sureties that they may pay the judgment, but they have also refused, it is claimed. Judgment is asked that the amount of the original judgment be paid.

A GOOD PRACTICE.

If You Want a Good Appetite and Perfect Digestion.

After each meal dissolve one or two of Stuart's Dyspepsia Tablets in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half-digested food.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure. They increase flesh by digesting fresh-forming foods.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy, the successful physician of to-day is the specialist, the successful medicine is the medicine prepared especially for one disease.

A whole package taken at one time would not hurt you, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package. Send for Free Book on stomach diseases to Stuart Co., Marshall, Mich.

Republican State Convention.

TO THE REPUBLICAN ELECTORS OF WISCONSIN:—By direction of the state central committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee, on Wednesday, the 30th day of August, 1896, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention. Rock county is entitled to the following delegates:

EDWIN D. COE, Chairman.

NO CHANGE THIS YEAR.

Business men are agreed on one point this year—they want no change in the basis of trade. They are for the republican party because the republican declaration in favor of the gold standard simply means the maintenance of a thing that already exists. It is the free silver people who propose to make a change and establish a new standard. They are against the present currency system, and anxious to substitute for it one under which a different kind of money would be used for the payment of debts and wages and the transaction of the country's business. The republicans believe in keeping things as they are in that respect. That is to say that they hold we now have sound and satisfactory money, and that it would be foolish and disastrous to throw away this advantage. It is not proposed to eliminate silver from the currency and prevent its use for commercial purposes, but only to so limit the amount of it that it can circulate freely at par with gold. Any intelligent voter can readily comprehend the distinction and the reason for making it. We have absorbed as much silver as we can carry with safety, and the republicans are opposed to an increase of it that would inevitably unsettle values, depreciate the currency, and force us to an inferior standard.

BABBITT IN A HARD PLACE.

How the wheel goes around. Four years ago nobody would give General Bragg a hearing. Now Wisconsin democrats are howling for him at every cross road. Four years ago Clinton Babbitt stood high in party councils. Now he takes his pay in kicks and cuffs. He isn't even credited with consistency. The White-water Register remarks:

"We remember how Mr. Babbitt in 1890 refused to support Charles H. Parker of Beloit, democratic and greenback nominee for congress, because he, Babbitt, could not stand the flat money feature of the situation. He loudly proclaimed himself in favor of good gold money and gave his vote for Charles G. Williams, the republican nominee. But the flat principle enters into the fifty-cent dollar just as truly as into the greenback. Mr. Babbitt's present bolt for flat money, balances his other against it, and should leave him in good standing, somewhere."

If the sound money democrats from Rock county get any show they will make the Chicago convention adopt a gold platform. The way they ruffled Clinton Babbitt here and whipped the Racine and Kenosha silverites in Milwaukee gave promise of great achievements. In Milwaukee they were clearly in the minority, but they carried their point before the First district silver men polled the delegation.

More gubernatorial candidates are likely to be in the field before the republican campaign really takes shape. Milwaukee is likely to have much to say in the convention and any man who can unite the prominent Milwaukee elements will be nominated. As yet Milwaukee's strength is divided,

but many changes will be developed by a sharp canvass.

Major McKinley ought to sit down hard on some of the toadies who are sending newspaper matter from Canton, or better yet the editors who employ them. Unless our judgement of the man is erroneous he must be as much disgusted with that sort of thing as his sensible friends everywhere are.

Had Mr. Cleveland come out in favor of silver there would have been much more probability that the Chicago convention would be against the white metal. There are always lots of democrats who are anxious to give Mr. Cleveland what they know he doesn't want.

Morgan, Belmont and their Wall street associates take the ground that private profit on a public bond issue is something with which a congressional investigating committee has nothing to do, notwithstanding a popular idea to the contrary.

Even should the democrats nominate Senator Teller and secure the endorsement of the populists and the silver party they would not have a fighting chance to defeat McKinley and Hobart.

George McKey smiles as he recalls how fifteen gold delegates elected him over the heads of eighteen free silver delegates in Milwaukee.

If Senator Teller has any faith in spiritualism he should lose no time in trying to get into communication with the late Horace Greeley.

Mr. Cleveland did not enjoy reading the Cuban plank of the St. Louis platform, but about nine-tenths of the American voters did.

If Spain be wise it will not allow its inclination to fight the United States to occupy too much space in the newspapers.

Slim as the democratic chances now are the Chicago convention can be depended upon to make them slimmer.

Mr. Cleveland is over-advertising the opposition he is organizing to fight the silver democrats at Chicago.

YOUNG GIRLS.

Their Conduct and Health Often Mystifies Their Mothers.

Young girls often feel and consequently act, very strangely.

They shed tears without apparent cause, are restless, nervous, and at times almost hysterical.

They seem self-

absorbed, and heedless of things going on around them. Sometimes they complain of pain in lower parts of body, flushes of heat in head, cold feet, etc.

Young girls are not free from inept and womb troubles.

Mothers should see to it that Lydia E. Pinkham's Vegetable Compound is promptly taken; all druggists have it. The girl will speedily be "herself again," and a probable danger be averted. Any information on this subject, or regarding all female ailments, will be cheerfully given free by Mrs. Pinkham, at Lynn, Mass. Write her.

FOURTH OF JULY TO BE A BIG DAY

THERE WILL BE AMUSEMENT
IN PLENTY.

Beside the Celebration in Charge of the Young People's Societies, There Will be the Union Catholic League Picnic—The Program of the Games.

The Fourth of July will be a big day in Janesville.

Between the Young Peoples' Union and the Union Catholic League, things will be made interesting. The program of games for the big picnic to be given by the League was completed today, and the event promises to eclipse any similar one of former years. During the past few days a committee on games consisting of John W. Hogan, W. T. Dooley and Hugh M. Joyce has been at work, and the program mapped out is complete. The games will take place in a separate inclosure opposite Mount Olivet cemetery and will commence promptly at 10 a. m. One of the leading features of the day will be the tug of war between the country and city teams, the former to be in charge of John Lavin and Alva Maxfield, of the town of Janesville, while Sheriff W. H. Appleby and John W. Hogan will head the Janesville team.

The Programme of Sports.

The following programme has been arranged:

The Fourth at Center.

Things looked black for the big Center Fourth of July celebration yesterday. One of the features of the show was to be the raising of a flag on a new steel pole 100 feet high. Local men undertook to raise the pole the other day, but did not prop it up properly, and when it was partly raised, it snapped in two. The pieces were sent to Evansville to be spliced, and they will get it back in time for the celebration.

Members of W. H. Sargent Post G. A. R. held a meeting last evening, and accepted the kind invitation extended to them by the citizens of Center, to attend the flag raising and celebration. Fred Vankirk was in the city today and engaged the local Grand Army life and drum corps. It is expected that a large number from this city will attend the exercises.

BEREFT OF REASON MANY YEARS

Injured Mother Recovers in Milwaukee and Locates Her Son

Lute Campbell and his mother met at Winged, Kansas, yesterday after a separation of thirteen years.

Each supposed the other dead until a few weeks ago.

Thirteen years ago, when the son and father were trying to make a start in Washington county, Mrs. Campbell started to Janesville to visit a friend. En route she met with an almost fatal accident in a wreck. She was taken to a hospital in Milwaukee, where she was cared for all these years. As she could not talk, no one could ascertain her identity. A few weeks ago her reason and speech returned, and she commenced to search for her husband and son. She finally located the latter at Arkansas City, and discovered that the former was dead.

Charles Stockman died yesterday at the home of his parents, Mr. and Mrs. Hugh Stockman, a mile and a half from Milton Junction, aged twenty-four years. Mr. Stockman had been ill since last March with lung trouble, which caused his death. He was a sterling young man, and the blow to his parents, and brothers and sisters, is a cruel one. He graduated from the Milton Junction high school six years ago, and since that time, had resided on the parental farm. The funeral will be held from the home tomorrow.

MADE A QUICK TRIP FOR SHOES

Cyler Knew a Good Thing "When He Saw It In The Gazette."

A breathless bicycle rider pumped swiftly down Milwaukee street early this morning. A piece of paper fluttered in his hand as he whizzed along, and people wondered why he was in such a hurry. He kept up a steady swing until he reached the A. Richardson Shoe Co. store. Then he stood his wheel up against the curb, and entered the store.

"I want a pair of those \$3.00 bicycle shoes that you advertise in The Janesville Gazette," he said, as he handed the clerk the piece of paper. The latter glanced at the paper. It was the "ad" which the purchaser had clipped from The Gazette, in order that no mistake could be made. "I live in Milton," the young man explained. "A party of us are to ride to Delevan, and I wanted a pair of shoes. Your 'ad' in The Gazette told me that you kept what I wanted; so I rode down to get them. Good morning."

And then he rode home.

This shows that Gazette ads are read by people who buy. If you do not own space now, you will do well to "get in line." Nearly everybody in Rock county reads The Gazette—ads and all.

BIG CROWD AT FLAG RAISING.

Nearly a Thousand People Took Part in the Harmony Event.

Grand Army people report the flag raising in District No. 7, Harmony, yesterday, was one of the best ever held in the county. Great credit is given to the teacher, Miss Jennie Rose, of Milton, for the fine programme presented by the children. There were stirring addresses by Superintendent David Throne, Captain Piny Norcross, Rev. S. G. Huey, Miss Josie Crandall, Superintendent William Ross, and Professor Galbraith, with songs by Comrades Kimberly and Weirick. The attendance was only exceeded by the attendance at Riton a year ago, when General Fairchild spoke, and Janesville and Beloit G. A. R. attended as guests. The number present fell but little short of 1,000.

HUGH COLLINS' LEG IS BROKEN

Fell From the Barn at W. T. Vankirk's Farm.

Hugh Collins, who lives on the "island" near the ice houses, broke his right leg by a fall from a barn on W. T. Vankirk's farm in La Prairie, this morning. The bones were driven through the flesh, and it was necessary to bring the injured man to this city to have his leg set, by Drs. R. W. Edson and James Gibson. The fracture is a bad one. Collins is at Oak Lawn Hospital.

PETTICOATS AND SKIRTS.

The Days of Light, Comfortable Clothing to Be Earnestly Desired.

White petticoats of muslin, nainsook and cambric are quite a la mode. They are adorned with tucks, lace and insertion and under the openwork bands colored ribbons are placed, matching the gown. These petticoats are worn under silk costumes as well as those of wash materials. They are made in the umbrella style, with superposed ruffles and flounces to expand the dress skirt, but, of course, a heavy gown would crush them. The umbrella style is now shown in all three of the garments

TAFFETA COSTUME.

which make up a set of white underwear, and these multiplied frills are quite enough to hold out an ordinary summer gown, without the aid of haircloth or any other of the stiffening materials that add so much to the clumsiness and weight of the skirt. Great congratulations were exchanged when the hoopskirt was triumphantly frowned down, but if we must have expansive gowns it would be much more wholesome, inexpensive and convenient to have them held out by a light hoop petticoat than by the pounds of haircloth and crinoline that now form a part of each individual dress skirt. One hoop petticoat did for all costumes, its weight was hardly perceptible and it held the skirts away from the feet and ankles so that walking was no effort. The very best of the stiffened dress skirts fall against the heels at the back, and the inside of the folds is worn out almost at once. Oh, for the days of eelskin skirts again, when there was no stiffness, no weight and very little material! Shall we ever be rid of the cumbersome mass that now impedes our movements and wearies us with the mere carrying of it?

The gown of which a sketch is given has a godet skirt of green and white glace taffeta with pompadour flowers. The bodice of the same goods is open in front and behind over a plaited plastron of light blue taffeta. The middle of the front plastron is adorned with plaited coquilles of blue taffeta. Bolero fronts of white lace meet across the bosom under a bow of pale blue ribbon. The close sleeves of flowered taffeta have a drapery around the upper arm of light blue taffeta. The draped collar and belt are also blue. JUDIC CHOLLET.

FASHIONABLE COLORS.

White Satin Belts on Dresses of Every Shade—Colors Less Brilliant.

White enters more or less into all elegant costumes. It is almost unnecessary to speak again of the vogue that lace is enjoying. There is hardly a gown for woman, girl or child that has not lace somewhere about it, either as application, collar, pelerine, collar, jabot, cravat or trimming. White satin belts are also a feature of the season. They are sometimes wide, sometimes narrow and are draped or crossed as the figure of the wearer dictates. They accompany not only white gowns, but those of gray, green, blue, rose and mauve. For draped and wrinkled belts a very soft silk or satin is required, that will make round folds instead of sharp ones. These white girdles are also worn with bodices of gauze or mousseline de soie, which are innumerable. Those of more conspicuousness are of mauve, green, straw or have mousseline, made over a fitted lining of white satin. Plaid and flowered gauzes are used in the same way.

Decidedly brilliant colors are not so much worn as they have been. Some good effects in red are seen, and there are also some charming blue costumes in which white and straw color are mingled, but the preference is for more delicate tones of evasive

VISITING TOILET.

green, pinkish lilac, effaced yellows and delicate blues. Black and white in chine effects, stripes, plaid lines, checks, dots and figures is having a success, as are mixtures of black and white lace on both hats and gowns. It is always safe to choose black and white articles of apparel, for they will go well with any color and have a certain reserve and distinction that color lacks.

Today's sketch illustrates a visiting costume. The godet skirt of black taffeta is covered with a second skirt of black mousseline de soie embroidered with large roses. The fitted bodice of black taffeta is covered and draped with embroidered mousseline. The belt of black satin is tied at the side, and the collar is also of black satin. Black satin ribbons are arranged obliquely upon the bodice, terminating in coques. The sleeves of black taffeta are covered and draped with black, embroidered mousseline and have black satin bracelets and frills of white lace. JUDIC CHOLLET.

Healthy, happy children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after.

On the mother's health and strength depend the life and the future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of women is utterly inexcusable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strengthening. It is perfectly natural in its operation and effect.

By its use, thousands of weak women have been made strong and healthy—have been made the mothers of strong and healthy children. Taken during gestation, it makes childbirth easy and almost painless and insures the well being of both mother and child.

On many points, but all of them, no matter what school, fully agree: That the kidneys should filter every impurity from the blood. That healthy kidneys insure perfect health. That Dr. Hobbs' Spargus Kidney Pills make the kidneys healthy, and increase their filtering power.

Rheumatism, Malaria, Gout, Chlorosis, Uræmia, Erysipelas, are all due to poisons circulating in the blood.

Get them out, as nature meant they should come out, in the urine, by using Dr. Hobbs' Spargus Kidney Pills.
